Re: Freedom of Information Request

Thank you for your request for information made under the Freedom of Information Act 2000 which was received into this office on 7th February 2017.

You Asked for:

Please send me the appendices attached to the Regional Sustainability and Transformation plan for the Wirral and Cheshire(if inter-related) Footprint. I would like appendices covering, workforce, estates and finance, plus how and when the planned big changes to NHS governance and commissioning are intended to take place and how and whether the proposed establishment of accountable care organisations or systems is likely to conflict with current legislation governing NHS governance and commissioning, and if so, how that is going to be dealt with.

Where sections have been redacted, please explain what purpose the redactions serve, for each section or redaction, so as to save time.

Our Response:

A governance structure for the Five Year Forward View in Cheshire & Merseyside has been developed to reflect the collaborative working arrangements of all of the participating organisations. Any planned changes to commissioning are reflected in the Local System Delivery plans. Any establishment of an Accountable Care Organisation will be developed in line with NHS governance guidelines.

We are not aware of redactions. The Sustainability and Transformation plan (STP) document and appendices produced for publication are complete and intact as they were published on 15/16 Nov last year.

Please find attached all appendices requested.

Re- Use of Information

Most of the information that we provide in response to Freedom of Information Act 2000 requests will be subject to copyright protection. In most cases the copyright will be owned by Wirral Clinical Commissioning Group. The copyright in other information may be owned by another person or organisation, as indicated on the information itself.

You are free to use any information supplied for your own non-commercial research or private study purposes. The information may also be used for any other purpose allowed by a limitation or exception in copyright law, such as news reporting. However, any other type of re-use, for example by publishing the information in analogue or digital form, including on the internet, will require the permission of the copyright owner.
