Re: Freedom of Information Request

Thank you for the letter that you sent to NHS Wirral Clinical Commissioning Group on 14th March 2015.

Following discussions with the Medical Director within NHS Wirral Clinical Commissioning Group, I have been informed that the change to 3 cycles of IVF Treatment that you refer to in your email have been agreed and will be implemented from the 1st May 2015. This date being the date of an original referral for fertility issues from your GP to the fertility clinic.

As you have previously been referred to the fertility clinic, unfortunately in this instance you would not be eligible for the 3rd cycle of IVF. While I understand that this is disappointing news I hope this clears up the queries that you have raised in your email, and allows you make an informed decision on how you would like to move forward. However if you require any further information please do not hesitate to contact a member of the Corporate Team (contact details at the top of this letter).

Re- Use of Information

Most of the information that we provide in response to Freedom of Information Act 2000 requests will be subject to copyright protection. In most cases the copyright will be owned by Wirral Clinical Commissioning Group. The copyright in other information may be owned by another person or organisation, as indicated on the information itself.

You are free to use any information supplied for your own non-commercial research or private study purposes. The information may also be used for any other purpose allowed by a limitation or exception in copyright law, such as news reporting. However, any other type of re-use, for example by publishing the information in analogue or digital form, including on the internet, will require the permission of the copyright owner.
