Re: Freedom of Information Request – Ongoing Care

Thank you for your request for information made under the Freedom of Information Act 2000, which was received into this office on the 6th September 2019.

You Asked for:

The data I would like to request is the following, split by the age of the patient into under 16, 16 to 65 and over 65, from 2013 to 2019:

Spinal cord injuries

The number of people with spinal cord injuries that require:

- Residential care
- Live-out homecare (care where they are regularly visited by a professional carer)
- Live-in homecare (care where a professional carer lives with the care receiver)

The total spent on people with spinal cord injuries that require:

- Residential care
- Live-out homecare (care where they are regularly visited by a professional carer)
- Live-in homecare (care where a professional carer lives with the care receiver)

Acute brain injuries

The number of people with acute brain injuries that require:

- Residential care
- Live-out homecare (care where they are regularly visited by a professional carer)
- Live-in homecare (care where a professional carer lives with the care receiver)

The total spent on people with acute brain injuries that require:

- Residential care
- Live-out homecare (care where they are regularly visited by a professional carer)
- Live-in homecare (care where a professional carer lives with the care receiver)

Respiratory/ventilation

The number of people with respiratory/ventilation issues that require:

- Residential care
- Live-out homecare (care where they are regularly visited by a professional carer)

- Live-in homecare (care where a professional carer lives with the care receiver)

The total spent on people with respiratory/ventilation issues that require:

- Residential care
- Live-out homecare (care where they are regularly visited by a professional carer)
- Live-in homecare (care where a professional carer lives with the care receiver)

Learning disabilities

The number of people with learning disabilities that require:

- Residential care
- Live-out homecare (care where they are regularly visited by a professional carer)
- Live-in homecare (care where a professional carer lives with the care receiver)

The total spent on people with learning disabilities that require:

- Residential care
- Live-out homecare (care where they are regularly visited by a professional carer)
- Live-in homecare (care where a professional carer lives with the care receiver)

Epilepsy

The number of people with epilepsy that require:

- Residential care
- Live-out homecare (care where they are regularly visited by a professional carer)
- Live-in homecare (care where a professional carer lives with the care receiver)

The total spent on people with epilepsy that require:

- Residential care
- Live-out homecare (care where they are regularly visited by a professional carer)
- Live-in homecare (care where a professional carer lives with the care receiver)

Total Continuing Healthcare (CHC)

The total number of people in receipt of CHC in:

- Residential care
- Live-out homecare (care where they are regularly visited by a professional carer)
- Live-in homecare (care where a professional carer lives with the care receiver)

The total CHC spend on:

- Residential care
- Live-out homecare (care where they are regularly visited by a professional carer)
- Live-in homecare (care where a professional carer lives with the care receiver)

Our Response:

Please note, the financial information could not be broken down as requested due to reporting restrictions within our patient information systems.

- Please see row 3 for a colour coded Key to adjusted fields from the original template in the response.

- Our patient information system splits in to age bands of 0-18 Children, 18-65 Adult & 65+ Elderly. Therefore, any information provided is split in to these age bands.
- We do not record Spinal Cord injuries, Acute Brain injuries, Respiratory/Ventilation conditions or Epilepsy on a mandatory basis or in a reportable format.
- We do not record Live-in or Live-out status of care on a mandatory basis or in a reportable format.
- Information has been provided in financial years.
- We can only respond from the 2015/2016 Financial year due to Patient Information System migrations following the Continuing Health Care (CHC) Service transition to the Clinical Commissioning Group (CCG) at this time. Previous data has been archived in a non-reportable format.

Please see the attached spreadsheet for the breakdown of information.

We hope this information is useful, however if you require any further information please do not hesitate to contact a member of the Corporate Affairs Team (contact details at the top of this letter)

Re- Use of Information

Most of the information that we provide in response to Freedom of Information Act 2000 requests will be subject to copyright protection. In most cases the copyright will be owned by Wirral Clinical Commissioning Group. The copyright in other information may be owned by another person or organisation, as indicated on the information itself.

You are free to use any information supplied for your own non-commercial research or private study purposes. The information may also be used for any other purpose allowed by a limitation or exception in copyright law, such as news reporting. However, any other type of re-use, for example by publishing the information in analogue or digital form, including on the internet, will require the permission of the copyright owner.

For information where the copyright is owned by Wirral Clinical Commissioning Group please e-mail foirequests.nhswirralccg@nhs.net to request a reuse licence.

For information where the copyright is owned by another person or organisation you must apply to the copyright owner to obtain their permission.
