Re: Freedom of Information Request - S117 (Mental Health Act) Aftercare

Thank you for your request for information made under the Freedom of Information Act 2000, which was received into this office on 15th April 2021.

You Asked for:

Clinical Commissioning Group's (CCG's) and Local Authorities have an obligation to meet the aftercare costs of individuals who have previously been detained under specific sections of the Mental Health Act. The purpose of this act is to establish in general terms how your CCG discharges that obligation and how it working with the relevant local Authority funds the costs of associated aftercare.

I am aware that there may be some or all aspects of the request where the information is not available to you and is instead held by a Commissioning Support Unit or the Local Authority. If that is the case, I would be grateful if you could please notify me as to where that information may be held.

Our Response:

Please see the attached spreadsheet for further information.

We hope this information is useful, however if you require any further information please do not hesitate to contact a member of the Corporate Affairs Team (contact details at the top of this letter)
