

Not everyone can get online. But, if you can, why not give it a go?

74% of people in our region said our online services were **quick and easy to access.***

If you are registered with a local GP practice in Cheshire and Merseyside, there are some healthcare services you can access online.

Don't worry, this isn't designed to replace face-to-face care, as the option to access them in person will still always be there.

More people are now ordering their **repeat prescriptions** and checking their **medical records** online.*

Remember when you said you'd never buy clothes online?

Give it a go

Scan the QR code above (using the camera on your device) or visit www.cheshireandmerseyside.nhs.uk to find out more about the online services available. If you need any advice, please speak to a member of your GP practice team.

*Findings from an online survey of 754 people in Cheshire and Merseyside gauging the impact of our Digital Adoption Campaign.
